Greenington Marseilles dining table features a sculptural tabletop and meticulous detail. Concave coves sculpted in each side make a seamless transition from the inside curvature to each graceful leg. H: 30" x W: 84" x D: 40"

Sustainably crafted in solid bamboo, Greenington's Sahara bedroom embodies high-quality with a luxurious wraparound headboard, tranquil colors, a splash of upholstery, and rounded silhouettes. H: 42" x W: 64" x D: 85"

Architecturally inspired and sculpturally significant, Torrey's striking design features a pedestal base with four geometric shaped legs, a bold beveled tabletop accented in dramatic Exotic Tiger. H: 30" x W: 84" x D: 42"

Crafted in solid bamboo, Greenington's Torino dining chair is elegant and slender with sinuous lines and luxurious upholstery. Torino combines comfortable functionality with unparalleled design. H: 39" x W: 21" x D: 25"

Greenington's Catalina brings a sense of refined grace to any space. Sustainably crafted in solid bamboo, Catalina's design is characterized by its slender frame, gentle curves, and sleek contours. H: 40" x W: 63" x D: 88"

Celebrating sustainable solid bamboo, the fine craftsmanship of Aria is designed to inhabit a dining room with a commanding yet understated presence. Two bold elliptical pedestals offer plenty of legroom. H: 30" x W: 42" x D: 84"

Sustainably crafted in solid bamboo, Tofino evokes a sense of organic beauty. Inspired by nature, the freeform base is reminiscent of vines, with legs flush and inset supporting the oblong top. H: 31" x W: 60" x D: 15"

Modern curves make a statement in Greenington's Linna. Blending simplicity with luxury, Linna's solid bamboo open frame features tapered legs, integrated foot support, and a graceful seat and back. H: 30" x W: 18" x D: 19"

COMPANY INFORMATION

About Greenington: Greenington is a sustainable furniture company creating beautiful and high-quality furniture using one of the earth's most sustainable resources, bamboo. Focused on quality Greenington cuts no corners, but also stays true to their sustainable mission by following strict international standard guidelines, and having a zero waste manufacturing process. Learn more at greenington.com

Greenington's president and founder was manufacturing high quality bamboo products for over twenty years before he entered the business of creating his own line of high quality solid bamboo furniture in 2004. Because of his expertise in working with the planet's most eco-friendly, rapidly renewable resource, Greenington's fine bamboo furniture has quickly risen to the top of the industry, known for its enduring beauty, style and quality.

Greenington is expertly crafted in earth friendly solid bamboo, harvested from the managed forests of a fully sustainable, environmentally friendly and rapidly growing renewable resource.

From the beginning, Greenington's mission has been to provide customers with only the finest in bamboo home furnishings. We will continue to strive to ensure that our products represent quality, style and elegance. That's why we trust only nature's most sustainable material to the highest quality craftsmen, and why we will always provide you with first class service.
