Boheme Tables

Designed by Sebastian Herkner

The nature-inspired Boheme collection, envisioned by renowned designer Sebastian Herkner, introduces lustrous cocktail and side tables featuring tops of glazed lava stone, providing a textural juxtaposition to the collection's woven seating and its lanterns.

Boheme seating features striking, dual-toned polypropylene straps handwoven around powder coated aluminum frames in three alluring colorways—Alabaster/Brook, Bronze/Mariana, and Talc/Mojave. A complex engineering process requiring use of specialized machinery was employed to create these rich and unique woven fibers. The lanterns' colorways match the collection's seating, handwoven in a smaller scale over stainless steel framing. The lanterns are available in Small, Medium, and Large, and are USB-rechargeable.
