Like found antique objects, the sculptural ceramic Ginza Vase Collection brings a timeless look with a washy olive green glaze, tan undertones & hints of blue—perfect alone or with dried florals.

With an artful organic shape, pinched ridges & ribboned surface, large-scale ceramic Argos Vases add sculptural interest & make a statement as standalone pieces or vessels.

Entirely handmade, the large brown terracotta Fairfax Jug features a rounded rim, hand-painted checkerboard pattern, and is both sculptural & functional for display or holding dried/fresh florals.

Create a captivating centerpiece with the Truffle Bowl, featuring hand-applied tabs, an irregular opening, dark reactive green glaze with earth tones, & slight iridescence.

Add a neutral yet playful touch with the ceramic Lombard Collection. A reactive glaze & hand-applied spheres around the rim make these bowls perfect for fruit or decor in the kitchen or living room.

With modern asymmetrical handles & an old-world finish, Meander Vases feature narrow budvase openings & sculptural forms that stand out on consoles or shelves, especially when layered together.

With a sculptural silhouette, cream hue, reactive glaze & curvy handles, the Dolorosa Bowl is both decorative & functional, perfect as a catchall or fruit bowl in kitchen or dining space.

A unique marbled finish & organic shape give the Cumulus Vase a sculptural quality. Features reactive glaze, textural stripes, small off-set opening & wide silhouette with tapered base.
