FINISH

PALOMA

PRODUCT INFORMATION

- **FRAME:** Hand-crafted from only the finest grade of slow-growing, reforested natural teak
- **FINISH:** Paloma, as shown. Oil based outdoor finish that emulates a weathered look.

The finish is hand applied in a multi-step process. Natural teak is wire brushed to enhance the natural wood grain prior to hand application of the outdoor paint finish. As with any painted finish, it will wear over time. Subtle fading in color and wear of the finish in high contact areas will occur over time.

The solid teak below the finish ages over time and will blend with the finish for a consistent look. Teak will gain a silvery patina as exposed to the elements.

- **FEATURES:** Simple clean, modern lines through its design. Faceted arms and subtle radius edges highlight and define the soft curves of the frame.
- **STANDARD CUSHION CORE** (Unless otherwise noted) Fiber coil construction with drainable mesh on bottom
- **STANDARD CUSHION STYLE:** Box-border, weltless with top-stitch tailoring
- **FABRICS:** Available in all LANE VENTURE fabrics

NOTE: SUGGESTED MSRP Includes current tariffs and surcharges.
